

WHAT IS THE WEATHERIZATION INCENTIVE REBATE PROGRAM?

This program is a whole house approach to improving the energy efficiency of residential homes in Riverside Public Utilities' electric service area.

WHAT ARE THE BENEFITS?

By utilizing one or combinations of the qualifying conservation efforts, homeowners can greatly increase the energy efficiency of their homes and reduce overall energy consumption.

PROGRAM GUIDELINES

- This program is open to Riverside Public Utilities residential electric customers who heat or cool their homes with electricity.
- To qualify for a rebate, customers must purchase and install products that meet or exceed the program guidelines. Rebates will be paid to the Riverside Public Utilities electric customer of record only for conservation measures installed at the residence of record within RPU's electric service area.
- Rebates will be issued for retrofit measures only. New construction does not qualify.
- Applicants must also agree to an on-site inspection of the premises for verification purposes.
- Rebate claims must be made on the conservation measure(s) within 90 days of purchase receipt/invoice date. Installation of conservation measure(s) must be completed before rebate is issued.
- Rebate amount will not exceed amount of purchase.
- Completed application must be submitted within 90 days of receipt purchase date in order to qualify for rebate. Copy of the detailed, dated sales receipt/invoice must be provided and is subject to verification. Send to address on back of this brochure.
- Program is subject to change without prior notification. Rebates are given on a first come, first served basis subject to fund availability.

WHICH PRODUCTS QUALIFY?

Please refer to the table inside for a list of qualified items.
